

Department of Veterans Affairs

§ 21.160

mileage, parking fees, reasonable fee for a driver, transportation furnished by a rehabilitation facility or sheltered workshop, and other reasonable expenses which may be incurred in local travel;

(2) The veteran's monthly transportation allowance may not exceed the lesser of actual expenses incurred or one-half of the subsistence allowance of a single veteran in full-time institutional training, unless extraordinary arrangements, such as transportation by ambulance, are necessary to enable a veteran to pursue a rehabilitation program.

(d) *Determining the need for a transportation allowance.* The case manager will determine the need for a transportation allowance. The assistance of a medical consultant shall be utilized, as necessary, to determine the need for special transportation assistance and to develop transportation arrangements which do not unduly tax the veteran's ability to travel and pursue a rehabilitation program.

(e) *Use of a relative precluded.* A relative of the veteran may not be paid any part of a special transportation allowance. The term *relative* has the same meaning as under § 21.374 pertaining to the use of a relative as an attendant.

(Authority: 38 U.S.C. 3104(a)(13))

§ 21.155 Services to a veteran's family.

(a) *General.* VA shall provide services to a veteran's family which are necessary to the implementation of the veteran's rehabilitation plan. The term *family* includes the veteran's immediate family, legal guardian, or any individual in whose home the veteran certifies an intention to live.

(b) *Scope of services to a veteran's family.* The services which may be furnished to the family are generally limited to consultation, homecare training, counseling, and mental health services of brief duration which are designed to enable the family to cope with the veteran's needs. Extended medical, psychiatric or other services may not be furnished to family members under these provisions.

(c) *Providing services to a veteran's family.* VR&C Staff will:

(1) Identify services which family members may need to facilitate the rehabilitation of the veteran; and

(2) Arrange for provision of the services which have been identified.

(d) *Resources for provision of services to family members.* (1) The established program and services which are furnished by Veterans Health Administration (VHA) to family members of veterans eligible for Chapter 31 should be used to the extent practicable; but

(2) If services are not readily available through regular VHA programs, necessary services will normally be secured through arrangements with other public and nonprofit agencies.

§ 21.156 Other incidental goods and services.

(a) *General.* Other incidental goods and services may be authorized if the case manager determines them to be necessary to implement the veteran's rehabilitation plan. For example, a calculator may be authorized for a veteran pursuing an engineering degree, even though the veteran may not be required to have a calculator for any specific subject in his or her course, where there is substantial evidence that lack of a calculator places the veteran at a distinct disadvantage in successfully pursuing the course.

(b) *Limitation on cost.* The costs of incidental goods and services normally should not exceed five percent of training costs for any twelve-month period.

(Authority: 38 U.S.C. 3104(a)(10))

INDEPENDENT LIVING SERVICES

§ 21.160 Independent living services.

(a) *Purpose.* The purpose of independent living services is to assist eligible veterans whose ability to function independently in family, community, or employment is so limited by the severity of disability (service and nonservice-connected) that vocational or rehabilitation services need to be appreciably more extensive than for less disabled veterans.

(Authority: 38 U.S.C. 3104(a)(15), 3109, 3120)

§ 21.162

38 CFR Ch. I (7–1–03 Edition)

(b) *Definitions.* The term *independence in daily living* means the ability of a veteran, without the services of others or with a reduced level of the services of others, to live and function within the veteran's family and community.

(Authority: 38 U.S.C. 3101(2))

(c) *Situations under which independent living services may be furnished.* Independent living services may be furnished:

(1) As part of a program to achieve rehabilitation to the point of employability;

(2) As part of an extended evaluation to determine the current reasonable feasibility of achieving a vocational goal;

(3) Incidental to a program of employment services; or

(4) As a program of rehabilitation services for eligible veterans for whom achievement of a vocational goal is not currently reasonably feasible. This program of rehabilitation services may be furnished to help the veteran:

(i) Function more independently in the family and community without the assistance of others or a reduced level of the assistance of others;

(ii) Become reasonably feasible for a vocational rehabilitation program; or

(iii) Become reasonably feasible for extended evaluation.

(Authority: 38 U.S.C. 3104(a)(15), 3109, 3120)

(d) *Services which may be authorized.* The services which may be authorized as part of an IILP (Individualized Independent Living Plan) include:

(1) Any appropriate service which may be authorized for a vocational rehabilitation program as that term is defined in § 21.35(i), except for a course of education or training as described in § 21.120; and

(2) Independent living services offered by approved independent living centers and programs which are determined to be necessary to carry out the veteran's plan including:

(i) Evaluation of independent living potential;

(ii) Training in independent living skills;

(iii) Attendant care;

(iv) Health maintenance programs; and

(v) Identifying appropriate housing accommodations.

(Authority: 38 U.S.C. 3104(a)(15), 3109, 3120)

(e) Coordination with other VA elements and other Federal, State, and local programs. Implementation of programs of independent living services and assistance will generally require extensive coordination with other VA and non-VA programs. If appropriate arrangements cannot be made to provide these services through VA, other governmental, private nonprofit and for-profit agencies and facilities may be used to secure necessary services if the requirements contained in § 21.294 are met.

[49 FR 40814, Oct. 18, 1984, as amended at 53 FR 50957, Dec. 19, 1988; 55 FR 42186, Oct. 18, 1990]

§ 21.162 Participation in a program of independent living services.

(a) *Approval of a program of independent living services.* A program of independent living services and assistance is approved when:

(1) The VA determines that achievement of a vocational goal is not currently reasonably feasible;

(2) The VA determines that the veteran's independence in daily living can be improved, and the gains made can reasonably be expected to continue following completion of the program;

(3) All steps required by §§ 21.90 and 21.92 of this part for the development and preparation of an Individualized Independent Living Plan (IILP) have been completed; and

(4) The VR&C Officer concurs in the IILP.

(Authority: 38 U.S.C. 3104(a)(15), 3109, 3120)

(b) *Considerations for the VR&C Officer.* The VR&C Officer will consider the following factors in administering programs providing independent living services:

(1) If VA resources available limit the number of veterans who may be provided a program of independent living services and assistance, the first priority shall be given to veterans for whom the reasonable feasibility of
